

# KB Alumni - Staying Connected

To Our KB Alumni,

Throughout the years, many people have contributed to the success of Kerkering, Barberio & Co. With time, people's paths have changed and taken them in different directions. However, their influence on our organization leaves a lasting imprint. For this reason, we consider our Alumni as extended members of our KB family. We value the relationships that we have created and want to continue to build upon them.

We recently held our first KB Alumni CPE and Reception which was a great success. In the future, we anticipate having more of these types of events and want to include as many Alumni as possible. To do so, we need your help by providing your current contact information (see below) and by letting other Alumni know to do the same. We will then reach out with communications on KB networking events, social activities, CPE, etc.

Wherever your life and career choices take you, we hope your association with Kerkering Barberio will remain a constant and valuable resource in all of your endeavors.
